

**Amendments to the Claims:**

The following listing of the claims replaces and supersedes all previous listings.

1-5. (Cancelled).

6. (Previously Presented) An immediately available and removable packaging consisting of:

a tray having a series of spaced apart sections, each spaced apart section being generally rectangular in shape and having a recessed compartment and an upper surface;

a sheet fixed in part to the upper surface of the tray having a plurality of tab portions that are not fixed to the tray thereby creating tabs, each tab portion corresponding to one of said spaced apart sections and having first and second ends, each said tab portion being graduated in width from the first end increasing in width to the second end, said first end being positioned in a corner of the corresponding spaced apart section, said tab portion having a length parallel to a length of the corresponding spaced apart section, and said second end being adjacent to the fixed portion of the sheet of the corresponding spaced apart section.

7. (Cancelled)

8. (Previously Presented) The packaging system as recited in claim 6, wherein said spaced apart sections are formed in a matrix and said tab portions are formed in a center portion of said matrix such that tab portions for adjacent spaced apart sections are contiguous.

9. (Currently Amended) The packaging system as recited in claim 8, wherein the direction of the widths of the second end of each of the tab portions are substantially parallel to one another.

10-17. (Cancelled)
